VOTE FOR THE SMALL GOVERNMENT TEAM!

Melvin - Proud - Williams

Our liberal opponents are campaigning for more spending, without any plan to pay for it except higher taxes. That is the wrong plan for Arizona. To balance our budget, we must continue to reduce spending and continue to look for ways to make government smaller. Our opponents opposed SB1070 while we support it and other efforts to keep fighting illegal immigration. And while our opponents defend the money spent on school administrations, we want to shift much of that money into classrooms where it is most needed.
